

Research group for the ethnographic inquiry into ecologies, infrastructures,
bodies and knowledge

Laboratory: Anthropology of Environment | Human Relations

Wintersemester 2018/19

Mondays, 10:15-11:45am, room 107a, Mohrenstr. 41, 10117 Berlin.
www.hu-berlin.de/sts

[22.10.2018]

Reading Session: Earth Beings*

With a comment by Sascha Cornejo Puschner (IRI THESys Berlin)

[29.10.2018]

Recolonizing the body: How microbiome research rethinks the human body, its relation to the environment, and its treatment

Sabine Biedermann (TU Berlin)

[05.11.2018]

Reading Session: Matters of Care**

With a comment by Jörg Niewöhner (IRI THESys/ IfEE, Berlin)

[12.11.2018]

Realising the rice promise in Burkina

Janine Hauer (IRI THESys)

[19.11.2018]

Wohnungsmarkt als Problem - Veränderungen in der (innerstädtischen) Versorgung von Menschen mit psychiatrischer Diagnose

Patrick Bieler (IfEE)

[26.11.2018]

Para-sites in the interstices. Responsivity and Reflexivity in fieldwork within highly specialized medicine

Stefan Reinsch (Inst. Für Medizingeschichte und Wissenschaftsforschung, Lübeck)

[03.12.2018]

Reading Session: Geontologies***

With a comment by Anja Klein (IRI THESys/ IfEE)

[10.12.2018]

Let's talk about participation. A critical review of a current buzzword from STS and beyond.

Martina Klausner (IfEE), Krystin Unverzagt (IRI THESys). With a comment by Ignacio Farias (IfEE)

[17.12.2018]

Extractivism and Nature in Chile: An ethnography of the social and environmental conflicts produced by copper mining in Tarapacá

Sascha Cornejo Puschner (IRI THESys)

[07.01.2019]

No session

[14.01.2019]

Solar energy in the intersection between community, consultants and ethnography.

Estrid Sørensen (Ruhr-Universität Bochum)

[21.01.2019]

Exploring urban mental health trajectories

Milena Bister, Patrick Bieler, Jörg Niewöhner (alle IfEE)

[28.01.2019]

Modelling complex systems in the environmental sciences – Approaches from anthropological Science and Technology Studies between Co-laboration, Intervention and Reflexivity

Anja Klein (IRI THESys/ IfEE)

[04.02.2019]

Conceptualizing the spatial dimensions in low-carbon energy transitions

Itzell Torres (IRI THESys)
